Disciplinary action varies based on the nature of violation and may include, but is not limited to, verbal warnings, written warnings, probationary periods, suspensions, withholding of annual wage increases, withholding of promotion, reduction to a lower post, and dismissal with or without payment of any compensation in lieu of notice. CVS reserves the right to apply any or all of these disciplinary actions as deemed necessary. An employee may be dismissed for serious infractions without prior warning.

CVS will address issues of misconduct within one month of the infraction or within one month of CVS's discovery of the infraction.

An oral warning should be given for minor violations. In the case of poor work performance, the supervisor of the employee should issue a performance plan over a set period of time. At the end of this period the employee's performance should be re-evaluated. If proven unsatisfactory, the problem should be formalized with the issuance of a first written warning.

In general, disciplinary actions will follow a process of counseling and increasingly restrictive measures as follows, but the company is not bound by this process if the severity of the offense warrants a more appropriate response in line with the guidelines of the Qatar Labor Law.

It would include:

- Oral warning, which will include the phrase '**Oral Warning**'.

- A **Third & Final Written Warning** shall result in dismissal.

CVS is a professional company completely committed to non-violent behaviour. Accordingly, any behaviour which contravenes or promotes such behaviour will be severely dealt with.

#### 4.16 EXCLUSION IS ALSO PROHIBITED

These policies should not, and may not, be used as a basis for excluding or separating individuals of a particular gender, or any other protected category, from participating in business or work-related social activities or discussions. In other words, no one should make the mistake of engaging in discrimination or exclusion in order to avoid allegations of harassment. The policies of CVS prohibit disparate treatment on the basis of gender or any other protected category, with regard to terms, conditions, privileges and pre-requisites of employment. The prohibitions against harassment, discrimination and retaliation are intended to complement and further those policies, not to form the basis of an exception to them.

#### 4.17 DEFINITIONS OF HARASSMENT

##### 4.17.1 Harassment

Under this policy, harassment is verbal or physical conduct that denigrates or shows hostility or aversion toward an individual because of his /her membership or affiliation with a protected category. Under this policy; harassment (i) has the purpose or effect of creating an intimidating, hostile or offensive work environment, (ii) has the purpose or effect of unreasonably interfering with an individual's work performance or (iii) otherwise adversely affects an individual's employment opportunities.

Harassing conduct includes, but is not limited to: negative labels, or stereotyping, threatening, intimidating or hostile acts, damaging jokes that put a person's gender, religion, or ethnic background down; and written or graphic material that puts down or shows hostility or aversion toward an individual or group and that is placed on walls, in the vehicles, in electronic equipment or elsewhere on the employer's premises or circulated in the workplace.

|                          |                    |                           |           |

#### **4.18 REPORTING AN INCIDENT OF HARASSMENT, DISCRIMINATION OR RETALIATION**

CVS encourages reporting of all perceived incidents of discrimination, harassment or retaliation, regardless of the offender's identity or position. Individuals who believe that they have been the victim of such conduct should discuss their concerns with their immediate supervisor and/or HR/Administration Manager or General Manager. See the Complaint Procedure described below.

In addition, CVS encourages, but does not require, individuals who believe they are being subjected to such conduct promptly to advise the offender that his or her behavior is unwelcome and request that it be discontinued. Often this action alone will resolve the problem. We do recognize, however, that an individual may be uncomfortable confronting the offending employee and prefer to pursue the matter through informal or formal complaint procedures.

##### **Complaint Procedure**

###### **▪ Informal Procedure**

If for any reason an individual does not wish to address the offender directly, or if such action does not successfully end the offensive conduct, the individual should notify his/her immediate supervisor, and/or the HRD or the Management, who may, if the individual so requests, talk to the alleged offender on the individual's behalf. An individual reporting harassment, discrimination or retaliation should be aware, that CVS may decide it is necessary to act to address such conduct beyond an informal discussion. This decision will be discussed with the individual. The best course of action in any case will depend on many factors and, therefore, the informal procedure will remain flexible. Moreover, the informal procedure is not a required first step for the reporting individual.

###### **▪ Formal Procedure**

As noted above, individuals who believe they have been the victims of conduct prohibited by this policy statement or believe they have witnessed such conduct should discuss their concerns with the Management. In cases where the harassment complaint is against any one from the management, the employee should contact any other concern Higher Officials.

CVS encourages the prompt reporting of complaints or concerns so that rapid and constructive action can be taken before relationships become irreparably strained. Therefore, while no fixed reporting period has been established, early reporting and intervention have proven to be the most effective method of resolving actual or perceived incidents of harassment.
